Happy New Year!!!!!! E-Safety Meeting

Many thanks to all the parents and grand parents who attended the e-safety meeting this week. I hope you found it informative. Simon Finch who delivered the session is very up to date with all matters around e-safety. For those family members who couldn't attend, Simon has an excellent website with lots of really useful information, advice and resources to help us all keep children and ourselves safe online. His website can be found at, <http://simfinuk.com/>

Snow

We keep hearing reports that cold weather is on its way. Just a reminder, if it snows we will do our very best to remain open. We ask that pupils come to school with appropriate clothing, including wellies. We would like pupils to experience playing in snow but we will only do so if they have warm, waterproof coats and a change of footwear. In the unfortunate event of a closure this will be communicated via Marvellous Me and the school website.

School Car Park

I am sad to say that this week yet again a member of staff has had their car damaged in the staff car park. The car was not parked next another staff member's car, it had spaces either side. As a school we have requested that parents do not use the school car park, it must be available for staff and official visitors to the school. I know schools in the local area have spent vast sums of money on automatic gate systems to alleviate the problems they have experienced. Personally, I would rather spend our limited funds on our pupils. This week we have begun to close the car park gates during drop off and pick up times to ensure that it is used for the purpose it intended for.

PD Days

Just a reminder that Monday 28th January is a PD Day and school will be closed. Also we have planned Thursday 2nd May as a PD Day to coincide with school being used as a polling station, Monday 22nd July and Tuesday 23rd July.

Have a great weekend,
Phil Thackstone
